the 1990s, the number of people with a mental health problem has increased in the UK, and the number of people with a mental health problem who are in contact with mental health services has also increased (Mental Health Act 1983, 1990, 1994, 1997, 2003).

There is a growing awareness of the need to improve the lives of people with a mental health problem, and to reduce the stigma and discrimination that they experience. This has led to a number of initiatives, including the development of mental health services that are more user-centred and that are more focused on the needs of people with a mental health problem (Mental Health Act 1983, 1990, 1994, 1997, 2003).

One of the key initiatives in this area is the development of self-help materials, which can help people with a mental health problem to understand their condition, to manage their symptoms, and to improve their quality of life. Self-help materials can also help to reduce the stigma and discrimination that people with a mental health problem experience.

Self-help materials can be developed in a number of different formats, including books, leaflets, and audio and video materials. They can be developed for a wide range of mental health problems, including depression, anxiety, and schizophrenia.

Self-help materials can be developed for people with a mental health problem who are in contact with mental health services, or for people who are not in contact with mental health services. They can be developed for people with a mental health problem who are in contact with mental health services, or for people who are not in contact with mental health services.

Agreement for Tax Collection Services

This Agreement is made between the City of Fulshear (hereinafter referred to as the "Client") and Linebarger Goggan Blair & Sampson, LLP (hereinafter referred to as the "Firm").

Article I

Nature of Relationship

1.01 The parties hereto acknowledge that this Agreement creates an attorney-client relationship.

1.02 The Client hereby employs the Firm to provide the services hereinafter described for compensation hereinafter provided.

Article 2

Scope of Services

2.01 The Firm shall take reasonable and necessary actions to collect property taxes that are owed to the Client and to any other taxing unit whose taxes are assessed and collected by the Client, and that are subject to this Agreement, as hereinafter provided.

2.02 The Client may from time-to-time specify in writing additional actions to be taken by the Firm in connection with the collection of taxes that are owed to the Client. Client further constitutes and appoints the Firm as Client's attorneys to sign all legal instruments, pleadings, drafts, authorizations and papers as shall be reasonably necessary to prosecute the Client's claim for taxes.

2.03 Taxes owed to the Client shall become subject to this Agreement upon the following dates, whichever occurs first:

(a) On February 1 of the year in which the taxes become delinquent if a previously filed tax suit is then pending against the property subject to the tax;

(b) On the date any lawsuit is filed with respect to the recovery of the tax if the tax is delinquent and is required to be included in the suit pursuant to TEX. TAX CODE § 33.42(a);

(c) On the date of filing any application for tax warrant where recovery of the tax or estimated tax is sought and where the filing of an application for tax warrant by the Firm is at the request of Client's Tax Assessor-Collector;

(e) In the case of delinquent tangible personal property, on the 60th day after the February 1 delinquency date; or

- (f) On July 1 of the year in which the taxes become delinquent.

Article 3
Compensation

3.01 Client agrees to pay to the Firm, as compensation for the services required herein, as follows:

(a) fifteen (15%) percent of the amount of all 2002 and prior year taxes, penalty and interest subject to the terms of this contract as set forth in Paragraph 2.03 above, collected and paid to the collector of taxes during the term of this Agreement, as and when collected; and

(b) twenty (20%) percent of the amount of all 2003 and subsequent year taxes, penalty and interest subject to the terms of this contract as set forth in Paragraph 2.03 above, collected and paid to the collector of taxes during the term of this Agreement, as and when collected.

3.02 The Client shall pay the Firm by the twentieth day of each month, all compensation earned by the Firm for the previous month as provided in this Article 3. All compensation above provided for shall become the property of the Firm at the time payment of the taxes, penalty and interest is made to the collector.

Article 4
Intellectual Property Rights

4.01 The Client recognizes and acknowledges that the Firm owns all right, title and interest in certain proprietary software that the Firm may utilize in conjunction with performing the services provided in this Agreement. The Client agrees and hereby grants to the Firm the right to use and incorporate any information provided by the Client ("Client Information") to update the databases in this proprietary software, and, notwithstanding that Client Information has been or shall be used to update the databases in this proprietary software, further stipulates and agrees that the Client shall have no rights or ownership whatsoever in and to the software or the data contained therein, except that the Client shall be entitled to obtain a copy of such data that directly relates to the Client's accounts at any time.

4.02 The Firm agrees that it will not share or disclose any specific confidential Client Information with any other company, individual, organization or agency, without the prior written consent of the Client, except as may be required by law or where such information is otherwise publicly available. It is agreed that the Firm shall have the right to use Client Information for internal analysis, purposes of improving the proprietary software and database, and to generate aggregate data and statistics that may inherently contain Client Information. These aggregate statistics are owned solely by the Firm and will generally be used internally, but may be shared with the Firm's affiliates, partners or other third parties for purposes of improving the Firm's software and services.

Article 5 *Costs*

5.01 The Firm and Client recognize that publication costs for citations and notices of sale and title abstract costs will be incurred in the process of providing the litigation services contemplated in this Agreement. All such costs shall be billed to the Client, in care of the Firm, and the Firm will advance the payment of such costs on behalf of the Client. Upon recovery of such costs from the defendants or from the tax sale of defendants' property, the Firm shall be reimbursed for the advance payment. Alternatively, the Firm may arrange with the vendor or agency providing the service that actual payment of the costs of services is wholly contingent upon recovery of such costs by the Client or the Firm from the defendants or from the tax sale of defendants' property. In such contingent arrangements, the Client has no responsibility or liability for payment or advancement of any costs, other than forwarding to the vendor or service provider any cost amounts received from defendants or from the tax sale of defendants' property.

5.02 The Client acknowledges that the Firm may provide services, such as title research, with its own employees or with other entities or individuals who may be affiliated with the Firm, but the Firm agrees that any charges for such services will be reasonable and consistent with what the same services would cost if obtained from a third party. The Client agrees that upon the recovery of such costs, the Client will: (i) pay the Firm for any such costs which have been advanced by the Firm or performed by the Firm, and (ii) pay any third party agency or vendor owed for performing such services.

Article 6 *Term and Termination*

6.01 This Agreement shall be effective on February 21, 2017 (The "Effective Date") and shall expire on February 20, 2022 (the "Expiration Date") unless extended as hereinafter provided.

6.02 Unless prior to 60 days before the Expiration Date, the Client or the Firm notifies the other in writing that it does not wish to continue this Agreement beyond its initial term, this Agreement shall be automatically extended for an additional one (1) year period without the necessity of any further action by either party. In the absence of any such 60 day notice by either the Client or the Firm, this Agreement shall continue to automatically renew for an additional one (1) year term in the same manner at the end of the each renewal period.

6.03 However, either party may terminate this Agreement for any reason by giving the other party thirty (30) days advance notice of termination in writing.

6.04 Whether this Agreement expires or is terminated, the Firm shall be entitled to continue to prosecute any tax suits, applications for tax warrants or bankruptcy claims pending on the Termination Date or Expiration Date for an additional six (6) months following termination or expiration. The Client agrees that the Firm shall be

compensated as provided by Article 3 for any base tax, penalties and interest collected in the pending matters during the six (6) month period.

6.05 The Client agrees that the Firm shall be reimbursed for any costs advanced and shall be paid for any services performed pursuant to Article 5 when such costs are recovered by or on behalf of the Client, regardless of the date recovered. It is expressly agreed that neither the expiration nor the termination of this Agreement constitutes a waiver by the Firm of its entitlement to be reimbursed for such costs and to be paid for such services. It is further expressly agreed that the expiration of any six-month period under Section 6.04 does not constitute any such waiver by the Firm.

Article 7 *Miscellaneous*

7.01 *Assignment and Subcontracting.* This Agreement is not assignable, provided however, the Firm may from time-to-time obtain co-counsel or subcontract some of the services provided for herein to other law firms or entities. In such cases, the Firm will retain supervisory control and responsibility for any services provided by such co-counsel or subcontractors and shall be responsible to pay any compensation due to any such co-counsel or subcontractor.

7.02 *Arbitration.* Any controversy between the parties to this Agreement involving the construction or application of any terms, covenants, or conditions of this Agreement shall, on the written request of one (1) party served on the other, be submitted to arbitration, and such arbitration shall comply with and be governed by the provisions of the Texas General Arbitration Act.

7.03 *Integration.* This Agreement contains the entire agreement between the parties hereto and may only be modified in a written amendment, executed by both parties.

Contract for Fines and Fees Collection Services

STATE OF TEXAS

COUNTY OF FORT BEND

THIS CONTRACT (hereinafter "AGREEMENT") is made and entered into by and between the City of Fulshear, acting herein by and through its governing body, hereinafter styled "CLIENT", and Linebarger Goggan Blair & Sampson, LLP, hereinafter styled "FIRM".

Article I

Nature of Relationship and Authority for Contract

1.01 The parties hereto acknowledge that this AGREEMENT creates an attorney-client relationship between CLIENT and FIRM.

1.02 The CLIENT hereby employs the FIRM to provide the services hereinafter described for compensation hereinafter provided.

1.03 This AGREEMENT is entered into pursuant to and as authorized by Subsection (a) of ART. 103.0031, Texas Code of Criminal Procedure.

Article 2

Scope of Services

2.01 CLIENT agrees to employ and does hereby employ FIRM to provide specific legal services provided herein and enforce the collection of delinquent court fees and fines that are subject to this AGREEMENT, pursuant to the terms and conditions described herein. Such legal services shall include but not be limited to recommendations and legal advice to CLIENT to take legal enforcement action; representing CLIENT in any dispute or legal challenge over authority to collect such court fees and fines; defending CLIENT in litigation or challenges of its collection authority; and representing CLIENT in collection interests in bankruptcy matters as determined by FIRM and CLIENT. This AGREEMENT supersedes all prior oral and written agreements between the parties regarding court fees and fines, and can only be amended if done so in writing and signed by all parties. Furthermore, this contract cannot be transferred or assigned by either party without the written consent of all parties.

2.02 The CLIENT may from time-to-time specify in writing additional actions that should be taken by the FIRM in connection with the collection of the fines and fees that are subject to this AGREEMENT. CLIENT further constitutes and appoints the FIRM as CLIENT's attorneys to sign all legal instruments, pleadings, drafts, authorizations and papers as shall be reasonably necessary to pursue collection of the CLIENT's claims.

2.03 Fines and fees that are subject to this AGREEMENT are those that are more than sixty (60) days past due as of the effective date hereof and those that become more than

sixty (60) days past due during the term hereof. As used in this section, "more than 60 days past due" has that meaning assigned by Subsection (f) of Art. 103.0031, Texas Code of Criminal Procedure [as amended by Senate Bill 782, 78th Legislature (2003), effective June 18, 2003]. The meaning assigned to the phrase "more than 60 days past due" shall, for the term and purposes of this AGREEMENT, survive any future amendments to, or repeal of, Article 103.0031, Texas Code of Criminal Procedure, or any parts thereof.

2.04 The CLIENT agrees to provide to the FIRM data regarding any fines and fees that are subject to this AGREEMENT. The data shall be provided by electronic medium in a file format specified by the FIRM. The CLIENT and the FIRM may from time-to-time agree in writing to modify this format. The CLIENT shall provide the data to the FIRM not less frequently than monthly.

2.05 The FIRM, in all communications seeking the collection of fines and fees, shall direct all payments directly to the CLIENT at an address designated by the CLIENT. If any fines and fees are paid to the FIRM, said payments shall be expeditiously turned over to the CLIENT.

Article 3 *Compensation*

3.01 The CLIENT agrees to pay the FIRM as compensation for the services required hereunder thirty (30%) percent of the total amount of all the fines and fees [exclusive of any collection fee assessed by the CLIENT pursuant to Subsection (b) of Article 103.0031, Texas Code of Criminal Procedure] subject to the terms of this AGREEMENT as set forth in Section 2.03 above that are collected by the CLIENT during the term of this AGREEMENT. For citations that occurred prior to June 18, 2003 that are referred to the FIRM where the collection fee is not applicable, the CLIENT agrees to pay the FIRM as compensation for services rendered hereunder fifteen (15%) percent of the total amount of all the fines and fees collected during the term of this agreement. All compensation shall become the property of the FIRM at the time payment of the fines and fees is made to the CLIENT.

3.02 The CLIENT shall pay the FIRM by the twentieth day of each month all compensation earned by the FIRM for the previous month as provided in this Article 3. The CLIENT shall provide an accounting showing all collections for the previous month with the remittance.

Article 4 *Intellectual Property Rights*

4.01 The CLIENT recognizes and acknowledges that the FIRM owns all right, title and interest in certain proprietary software that the FIRM may utilize in conjunction with performing the services provided in this AGREEMENT. The CLIENT agrees and hereby grants to the FIRM the right to use and incorporate any information provided by the CLIENT ("CLIENT Information") to update the databases in this proprietary software, and, notwithstanding that CLIENT Information has been or shall be used to update the

databases in this proprietary software, further stipulates and agrees that the CLIENT shall have no rights or ownership whatsoever in and to the software or the data contained therein, except that the CLIENT shall be entitled to obtain a copy of such data that directly relates to the CLIENT's accounts at any time.

4.02 The FIRM agrees that it will not share or disclose any specific confidential CLIENT Information with any other company, individual, organization or agency, without the prior written consent of the CLIENT, except as may be required by law or where such information is otherwise publicly available. It is agreed that the FIRM shall have the right to use CLIENT Information for internal analysis, improving the proprietary software and database, and generating aggregate data and statistics that may inherently contain CLIENT Information. These aggregate statistics are owned solely by the FIRM and will generally be used internally, but may be shared with the FIRM's affiliates, partners or other third parties for purposes of improving the FIRM's software and services.

Article 5 *Costs*

5.01 The FIRM and CLIENT recognize that certain costs may be incurred in the process of providing any additional services contemplated in Section 2.02 above or in providing any special litigation services. The CLIENT agrees that all such costs shall be billed to the CLIENT, but that the FIRM will either (i) advance such costs on behalf of the CLIENT or, (ii) when possible, arrange with the vendor or agency providing the service that the costs of services will not be paid unless and until such costs are recovered by the CLIENT from the debtor.

5.02 The CLIENT acknowledges that the FIRM may provide such services with its own employees or with other entities or individuals who may be affiliated with the FIRM, but the FIRM agrees that any charges for such services will be reasonable and consistent with what the same services would cost if obtained from a third party.

5.03 The CLIENT agrees that upon the recovery of such costs, the CLIENT will (i) pay the FIRM for any such costs that have been advanced by the FIRM or performed by the FIRM and (ii) pay any third party agency or vendor owed for performing such services.

Article 6 *Term and Termination*

6.01 This AGREEMENT shall be effective February 21, 2017 (the "Effective Date") and shall expire on February 20, 2022 (the "Expiration Date") unless extended as hereinafter provided.

6.02 Unless prior to sixty (60) days before the Expiration Date, the CLIENT or the FIRM notifies the other in writing that it does not wish to continue this AGREEMENT beyond its initial term, this AGREEMENT shall be automatically extended for two (2) additional two (2) year periods without the necessity of any further action by either party. In the absence

of any such sixty (60) day notice by either the CLIENT or the FIRM, the AGREEMENT shall continue to automatically renew for additional and successive one-year terms in the same manner at the end of each renewal period.

6.03 If, at any time during the initial term of this AGREEMENT or any extension hereof, the CLIENT determines that the FIRM's performance under this AGREEMENT is unsatisfactory, the CLIENT shall notify the FIRM in writing of the CLIENT's determination. The notice from the CLIENT shall specify the particular deficiencies that the CLIENT has observed in the FIRM's performance. The FIRM shall have sixty (60) days from the date of the notice to cure any such deficiencies. If, at the conclusion of that sixty (60) day remedial period, the CLIENT remains unsatisfied with the FIRM's performance, the CLIENT may terminate this AGREEMENT effective upon the expiration of thirty (30) days following the date of written notice to the FIRM of such termination ("Termination Date").

6.04 Whether this AGREEMENT expires or is terminated, the FIRM shall be entitled to continue to collect any items and to pursue collection of any claims that were referred to and placed with the FIRM by the CLIENT prior to the Termination Date or Expiration Date for an additional ninety (90) days following termination or expiration. The CLIENT agrees that the FIRM shall be compensated as provided by Article 3 for any such item or pending matters during the ninety (90) day period.

6.05 The CLIENT agrees that the FIRM shall be reimbursed for any costs advanced and shall be paid for any services performed pursuant to Article 5 when such costs are recovered by or on behalf of the CLIENT, regardless of the date recovered. It is expressly agreed that neither the expiration nor the termination of this AGREEMENT constitutes a waiver by the FIRM of its entitlement to be reimbursed for such costs and to be paid for such services. It is further expressly agreed that the expiration of any ninety (90) day period under Section 6.04 does not constitute any such waiver by the FIRM.

Article 7 *Miscellaneous*

7.01 Subcontracting. The FIRM may from time-to-time obtain co-counsel or subcontract some of the services provided for herein to other law firms or entities. In such cases, the FIRM will retain supervisory control and responsibility for any services provided by such co-counsel or subcontractors and shall be responsible to pay any compensation due to any such co-counsel or subcontractor.

7.02 Arbitration. Any controversy between the parties to this AGREEMENT involving the construction or application of any of the terms, covenants, or conditions of this AGREEMENT shall, on the written request of one party served on the other, be submitted to arbitration, and such arbitration shall comply with and be governed by the provisions of the Texas General Arbitration Act.

7.03 Integration. This AGREEMENT contains the entire AGREEMENT between the parties hereto and may only be modified in a written amendment, executed by both parties.

Subject: Special Use Request

Good morning,

I wanted to update you on the Special Use Request that you made for the property located at 30136 FM 1093. Late yesterday afternoon, CJ and myself went over the application and found deficiencies. I allowed the application to be processed due to the fact that the property did not have any other residential nearby even though it was missing most of the requirements set forth in the Zoning Ordinance. Seeing my error, we requested that the Special Use Request was postponed.

The following items need to be submitted for review and once I have them I will request a new hearing for City Council, I apologize for any inconvenience this might cause.

1. Survey: a survey prepared and stamped by a state registered land surveyor listing the metes and bounds, legal description and the gross acreage within the subject parcel.
2. Site plan: 20 full size 24x36 inch copies of the site plan detailing the current conditions including any and all buildings and parking plan, ingress and egress points, and landscaping.
3. Vicinity map: A general location map indicating the approximate location of the property (this can be included with the site plan)
4. We believe that there are other property owners within 300 ft of this property. Please submit the required stamped and addressed business size envelopes to all owners of the boundary within 300 feet as listed in the current county records. <http://fbcad.org/>

When we reschedule the Hearing someone must be there to represent the applicant to answer any questions that the City Council might have. I have attached a copy of the application requirements to better help you, you do not have to refill out the application nor do you have to pay additional fees.

If you have any questions regarding this email please feel free to contact me.

EXECUTIVE SUMMARY

Goki Development is requesting a Special Use Permit for the property located at 30415 5th Street. The property is within the Downtown District and has been used as Commercial Property. They recently demolished a car wash building and would like to build a 6000 sqft office/fitness center. The property currently has 2 buildings existing, with the current uses being, offices and warehouse. The uses for the overall site will include, offices, warehouse, and fitness center, they are also requesting that a small restaurant not larger than 2000 sqft be allowed.

Goki Development is in the process of working with their Architect to meet all of the Architectural Design requirements, the plan shows 1 tree and 2 shrubs for each parking median however, they have agreed to correct the plans to reflect the 2 trees and 4 shrubs as required under the Zoning Ordinance for parking medians. There will be no additional landscaping added to this project.

Under the landscape Ordinance number 06-936 Section 6 (a) (1-2) for the Downtown Fulshear area 10% of the lot area not covered by structure should be utilized for landscaping. The street frontage of every lot should contain 1 3” caliper live oak tree every 30 feet.

the 1990s, the number of people who have been employed in the public sector has increased in all countries.

There are a number of reasons for the increase in public sector employment. One of the main reasons is the increasing demand for public services. As the population ages, there is a need for more social security, health care, and education. In addition, the demand for public services has increased in many other areas, such as transportation, housing, and environmental protection.

Another reason for the increase in public sector employment is the increasing size of the public sector. In many countries, the public sector has grown significantly in size over the past few decades. This has led to a corresponding increase in the number of public sector employees.

There are also a number of other factors that have contributed to the increase in public sector employment. For example, the increasing demand for public services has led to the creation of new public sector jobs. In addition, the increasing size of the public sector has led to the hiring of more public sector employees.

Finally, the increasing demand for public services has led to the expansion of the public sector. In many countries, the public sector has expanded significantly in size over the past few decades. This has led to a corresponding increase in the number of public sector employees.

In conclusion, the number of people who have been employed in the public sector has increased in all countries. This is due to a number of factors, including the increasing demand for public services, the increasing size of the public sector, and the increasing demand for public services.

EXECUTIVE SUMMARY

The City of Fulshear (City) joined the North Fort Bend Water Authority (NFBWA) Ground Water Reduction Plan (GRP) to comply with the Fort Bend Subsidence District's Groundwater Reduction requirements within area A. The NFBWA created a 24-person conservation committee with a vision to promote efficient water usage and ensure water is available for generations to come. The committee created a NFBWA Toolbox, or what is better known as Larry's Toolbox, that allows the participants the opportunity to get a rebate on the cost of their water usage. The current pumpage fee for the NFBWA is \$3.05/1,000 gallons. To qualify for the rebate, participants have to earn 7 points which in turn will provide a 10¢/1,000 gallons' rebate.

City staff reviewed the toolbox program options and enrolled in January of 2017. One of the programs that staff looked at that should effectively provide a positive incentive, is the Residential Irrigation System Evaluation. The evaluation is performed by licensed irrigators, provides a \$15 incentive to the resident, requires the city to provide half of the fee to perform the irrigation (\$32.50/residential site). The program is worth 2 points with a goal to reach 2% of all our residential connections. One of the benefits of the program is that the goals are attainable, but aren't mandatory to achieve. The intent is show the effort and to offer the incentive for consideration.

The City currently has right at 3200 of residential connections. With the 2% goal, we would expect to have to provide roughly \$ 2,080 at a minimum per year.

RECOMMENDATION

Staff recommends Council authorize the Mayor to execute the Irrigation Systems Evaluation Cost Sharing Agreement with NFBWA.

**IRRIGATION SYSTEM EVALUATIONS
COST SHARING AGREEMENT**

This Irrigation System Evaluations Cost Sharing Agreement (this "Agreement") is made and entered into by and between **North Fort Bend Water Authority**, a conservation and reclamation district and a political subdivision of the State of Texas (the "Authority"), and the **City of Fulshear** ("Constituent") (referred to herein individually as a "Party" and collectively as the "Parties"), effective as of _____, 2017.

RECITALS

WHEREAS, irrigation systems are often designed or operated inefficiently, causing excessive and unnecessary use of water; and

WHEREAS, the Authority desires to have certain irrigation system evaluation services performed within its Groundwater Reduction Plan ("GRP") boundaries or the boundaries of those entities participating in the Authority's GRP by contract; and

WHEREAS, the Authority and Vepo, LLC, a Texas Limited Liability Company ("Consultant"), entered into a W.I.S.E. EXECUTIVE SUMMARY

In an ongoing effort to better manage the City’s public infrastructure assets and related data, it is necessary to gather an inventory and current condition assessment of the various assets owned and maintained by the City. As a first step towards this effort, it is being proposed that the City enter into an agreement for Street Assessment Data Collection Services provided by Data Transfer Solutions (DTS) as a provider through a Professional Services HGAC contract awarded to H20 Partners. Under this contract, DTS provides services as a subcontractor for H20 Partners. All data collected will be available in GIS format.

DTS will perform a street inventory and condition assessment that will involve equipment being driven over all City streets so that the conditions and pavement width can be determined. In addition, the data and 360-degree video will be analyzed so that the City can also receive an inventory of all traffic signage along City streets. The City is also requesting an inventory of curb & gutter issues that can be prioritized for repair. By gathering this data, the City will have a baseline for existing street conditions and related items based on industry-standard criteria. This information can be used to identify opportunities to prolong the life of pavement in good condition through maintenance activities and identify specific candidates for reconstruction. The City will be able to reproduce this process in future years to track the condition of streets over time and collect additional asset information if desired. A short presentation document is included to provide additional information on this work.

RECOMMENDATION

Staff recommends Council authorize the City Manager to execute the Agreement for Street Assessment Data Collection Services with H20 Partners through HGAC contract HP07-16 for an amount of \$53,200.

the 1990s, the number of people in the world who are living in poverty has increased from 1.1 billion to 1.5 billion (World Bank 2000).

There are a number of reasons for this increase. One of the main reasons is the rapid population growth in the developing countries. The population of the world is expected to reach 8 billion by the year 2025 (United Nations 2000). This increase in population will put a tremendous pressure on the world's resources, particularly in the developing countries.

Another reason for the increase in poverty is the rapid technological change in the developed countries. The developed countries have experienced a rapid increase in productivity and income per capita. However, the developing countries have not been able to keep pace with the developed countries. This has resulted in a widening gap between the rich and the poor in the developing countries.

There are a number of factors that contribute to the increase in poverty in the developing countries. These factors include: (1) rapid population growth, (2) rapid technological change in the developed countries, (3) rapid industrialization in the developing countries, (4) rapid urbanization in the developing countries, (5) rapid globalization in the developing countries, and (6) rapid environmental degradation in the developing countries.

The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. E. The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.

F. EXECUTIVE SUMMARY

The City and County have held multiple discussions on the use of County Assistance District funding for various projects within the ETJ. The County which is financing the expansion of FM 1093 has requested the City consider the addition of the Right of Way for FM 1093 into the currently active Fort Bend County Assistance District No. 1. Funds derived through Sales Tax Collection in other areas of the District will be available for the County to use as construction is initiated and completed on the FM 1093 expansion project. PETITION FOR CONSENT TO THE INCLUSION OF REAL PROPERTY
TO FORT BEND COUNTY ASSISTANCE DISTRICT NO. 1

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF FULSHEAR,
TEXAS:

Fort Bend County Assistance District No. 1 (herein the "Petitioner" or referred to as the "District"), acting pursuant to the provisions of Section 387.0031, Texas Local Government Code, respectfully petitions the City Council of the City of Fulshear, Texas, for its written consent to the inclusion of real property described by metes and bounds in **Exhibit A** (the "Land"), which is attached hereto and incorporated herein for all purposes, consisting of a road and road right of way to be used for road purposes to the boundaries of the Petitioner. In support of this Petition, the District would show the following:

I.

The District was created and organized under the terms and provisions of Chapter 387, Texas Local Government Code, together with all amendments and additions thereto. On November 16, 2011, Fort Bend County Commissioners Court certified the results of the November 8, 2011 election in which the voters authorized the creation of the District and the imposition of a sales and use tax at the rate of one percent (1%) within the boundaries of the District to perform certain functions within the District including but not limited to the construction, maintenance, or improvements of roads or highways.

II.

The District received a Petition for Addition of Certain Land to Fort Bend County Assistance District No. 1 from the sole owner of the Land, the Fort Bend County Toll Road Authority, ("FBCTRA") which Petition is attached hereto as **Exhibit B**. FBCTRA proposes to have the land utilized for road right of way purposes in connection with the widening of FM 1093 (the "Project") to be constructed by Fort Bend County (the "County").

III.

Although the District currently contains an area of land that is not within the municipal boundaries or the extraterritorial jurisdiction of the City of Fulshear, Texas (the "City"), Petitioner intends for the metes and bounds in the attached **Exhibit A** of the Land to form a closure and for the boundaries of the District to extend into both the municipal boundaries and the extraterritorial jurisdiction of the City. Petitioner, as a District created by the County that has a population of more than 580,000 that borders a county with a population of more than four million is authorized to include the Land

upon the City's consent to such inclusion pursuant to Section 387.0031 of the Texas Local Government Code. As the proposed use of the Land is intended for road right of way and non-commercial purposes that would not generate sales and use taxes, there will be no imposition of the sales and use tax applicable to the Land that would exceed the maximum combined rate of sales and use taxes imposed by political subdivisions of this state prescribed by Sections 321.101 and 323.101 of the Texas Tax Code.

IV.

Petitioner is limited by statute to perform its functions and spend its revenue within its boundaries, but there is an imminent need beyond the boundaries of the District for the construction, maintenance, and improvement of roads or highways. Specifically, it is anticipated that additional local funds will be required to meet the needs of the Project. The inclusion of the Land will allow the District to assist the County in funding the construction, maintenance and improvements of the entire Project beyond the current limits of the District into the extraterritorial jurisdiction and within the municipal boundaries of the City that will benefit the entire area. The welfare and mobility of the present and future residents of the area and of the territories adjacent thereto require the construction, maintenance, and improvement of the Project.

V.

A public necessity, therefore, exists for granting the consent to the inclusion of the Land within the boundaries of the District, to provide for the construction, maintenance, and improvement of roads and highways within such Land, including but not limited to the Project. Further, with the additional funding provided by the District, the County's construction of the Project will benefit the City without utilizing any sales and tax revenue that would otherwise be available to the City.

Petitioner, by submission of this Petition, requests the City's consent to the inclusion of the Land within the boundaries of the District to perform its functions within the Land, and spend its revenue collected from other sales and use tax generating areas within the boundaries of the District on the construction, maintenance and improvements of roads or highway, such as the Project.

VI.

WHEREFORE, Petitioner prays that this petition be heard and that the City Council duly pass and approve an ordinance or resolution granting the consent to the inclusion of the Land to the District and authorizing the inclusion of the Land described herein within the District.

RESPECTFULLY SUBMITTED this _____ day of _____, 2017.

THE STATE OF TEXAS
COUNTY OF FORT BEND

JOINT ELECTION AGREEMENT AND CONTRACT FOR ELECTION SERVICES

THIS CONTRACT made by and between Fort Bend County, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "County" and the City of Fulshear hereinafter referred to as "Political Subdivision," pursuant to Texas Election Code Sections 31.092 and 271.002 for a joint May 6, 2017 election to be administered by John Oldham, Fort Bend County Elections Administrator, hereinafter referred to as "Elections Administrator."

THIS CONTRACT is subject to the written approval of the Fort Bend County Attorney and shall not be binding on the parties until such written approval is obtained. Upon written approval of the Fort Bend County Attorney and the participating parties, this CONTRACT shall be binding on said parties.

RECITAL

The City of Fulshear is holding a General Election on May 6, 2017 (at the expense of Political Subdivision) for the purpose of electing Municipal Officers.

The County owns an electronic voting system, the Hart InterCivic eSlate and the eScan Voting System, which has been duly approved by the Secretary of State pursuant to Texas Election Code Chapter 122 as amended, and is compliant with the accessibility requirements set forth by Texas Election Code Section 61.012. Political Subdivision desires to use the County's electronic voting system and to compensate the County for such use and to share in certain other expenses connected with joint elections in accordance with the applicable provisions of Chapters 31 and 271 of the Texas Election Code, as amended.

NOW THEREFORE, in consideration of the mutual covenants, agreements, and benefits to the parties, IT IS AGREED as follows:

I. ADMINISTRATION

The parties agree to hold a "Joint Election" in accordance with Chapter 271 of the Texas Election Code and this agreement. The Fort Bend County Elections Administrator shall coordinate, supervise, and handle all aspects of administering the Joint Election as provided in this agreement. Political Subdivision agrees to pay Fort Bend County for equipment, supplies, services, and administrative costs as provided in this agreement. The Fort Bend County Elections Administrator shall serve as the administrator for the Joint Election; however, the Political Subdivision shall remain responsible for the lawful conduct of its election. The Elections Administrator shall provide advisory services in connection with decisions to be made and actions to be taken by the officers of the Political Subdivision.

It is understood that other political subdivisions may wish to participate in the use of the County's electronic voting system and polling places, and it is agreed that Fort Bend County and the Elections Administrator may enter into other joint election agreements and contracts for election services for those purposes on terms and conditions generally similar to those set forth in this contract. Political Subdivision agrees that Fort Bend County may enter into joint election agreements with other political subdivisions that may have territory located partially or wholly within the boundaries of Political Subdivision, and in such case all parties sharing common territory shall share a joint ballot on the county's electronic voting system at the applicable polling places. In such cases, costs shall be pro-rated among the participants according to Section X of this contract.

At each polling location, joint participants shall share voting equipment and supplies to the extent possible. The participating parties shall share a mutual ballot in those precincts where jurisdictions overlap. However, in no instance

shall a voter be permitted to receive a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap.

II. LEGAL DOCUMENTS

Political Subdivision shall be responsible for the preparation, adoption, and publication of all required election orders, resolutions, notices, and any other pertinent documents required by the Texas Election Code and/or Political Subdivision's governing body, charter, or ordinances.

Preparation of the necessary materials for notices and the official ballot shall be the responsibility of Political Subdivision, including translation to languages other than English. Political Subdivision shall provide a copy of their respective election orders and notices to the Elections Administrator.

III. VOTING LOCATIONS

Fort Bend County has adopted a countywide polling place program. Voters from Political Subdivisions participating in this Joint Election may cast a ballot at any polling location open for this election. The Elections Administrator shall select and arrange for the use of and payment for all Election Day voting locations. The proposed voting locations are listed in Attachment A of this agreement. In the event a voting location is not available, the Elections Administrator will arrange for use of an alternate location with the approval of the Political Subdivision. The Elections Administrator shall notify the Political Subdivision of any changes from the locations listed in Attachment A.

If polling places for the May 6, 2017 joint election are different from the polling place(s) used by Political Subdivision in its most recent election, Political Subdivision agrees to post a notice no later than May 5, 2017 at the entrance to any previous polling places in the jurisdiction stating that the polling location has changed and stating the polling place names and addresses in effect for the May 5, 2017 election.

IV. ELECTION JUDGES, CLERKS, AND OTHER ELECTION PERSONNEL

Fort Bend County shall be responsible for the appointment of the presiding judge and alternate judge for each polling location in accordance with Chapter 32 of the Texas Election Code. The Elections Administrator shall make emergency appointments of election officials if necessary.

Upon request by the Elections Administrator, Political Subdivision agrees to assist in recruiting polling place officials who are bilingual (fluent in both English and Spanish).

The Elections Administrator shall notify all election judges of the eligibility requirements of Subchapter C of Chapter 32 of the Texas Election Code, and will take the necessary steps to insure that all election judges appointed for the Joint Election are eligible to serve.

The Elections Administrator shall arrange for the training and compensation of all election judges and clerks. The Elections Administrator shall arrange for the date, time, and place for presiding election judges to pick up their election supplies. Each presiding election judge will be sent a letter from the Elections Administrator notifying the person of the appointment, the time and location of training and distribution of election supplies, and the number of election clerks that the presiding judge may appoint.

Each election judge and clerk will receive compensation at an hourly rate established by Fort Bend County pursuant to Texas Election Code Section 32.091. Judges and Clerks will be compensated for actual time working at a polling place, time spent preparing the polling location prior to Election Day, and time spent attending any training classes required to successfully conduct the election. The election judge will receive an additional sum of \$25.00 for picking up the election supplies prior to Election Day and for returning the supplies and equipment to the central counting station after the polls close.

The Elections Administrator may employ other personnel necessary for the proper administration of the election, including such part-time help as is necessary to prepare for the election, to ensure the timely delivery of supplies during early voting and on Election Day, and for the efficient tabulation of ballots at the central counting station. Part-time personnel working in support of the Early Voting Ballot Board and/or central counting station on election night will be compensated at the rate set by Fort Bend County.

It is agreed by all parties that at all times and for all purposes hereunder, all election judges, clerks, and all other personnel involved in this election are independent contractors and are not employees or agents of the County. No statement contained in this Agreement shall be construed so as to find any judge, clerk, or any other election personnel an employee or agent of the County, and no election personnel shall be entitled to the rights, privileges, or benefits of County employees except as otherwise stated herein, nor shall any election personnel hold himself out as an employee or agent of the County, unless considered a county employee as determined by the Fort Bend County Human Resources Department. It is further agreed by all parties that at all times and for all purposes hereunder, all election judges, clerks, and all other personnel involved in this election are independent contractors and are not employees or agents of Political Subdivision. No statement contained in this Agreement shall be construed so as to find any judge, clerk, or any other election personnel an employee or agent of Political Subdivision, and no election personnel shall be entitled to the rights, privileges, or benefits of Political Subdivision employees except as otherwise stated herein, nor shall any election personnel hold himself out as an employee or agent of Political Subdivision, unless considered an employee of the City of Fulshear as determined by the Human Resources Department of the City of Fulshear.

V. PREPARATION OF SUPPLIES AND VOTING EQUIPMENT

The Elections Administrator shall arrange for all election supplies and voting equipment including, but not limited to official ballots, sample ballots, voter registration lists, and all forms, signs, maps and other materials used by the election judges at the voting locations. At each polling location, joint participants shall share voting equipment and supplies to the extent possible. The participating parties shall share a mutual ballot in those precincts where jurisdictions overlap. However, in no instance shall a voter be permitted to receive a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap. The Elections Administrator shall provide the necessary voter registration information, maps, instructions, and other information needed to enable the election judges in the voting locations that have more than one ballot style to conduct a proper election.

Political Subdivision shall furnish the Elections Administrator a list of candidates and/or propositions showing the order and the exact manner in which the candidate names and/or proposition(s) are to appear on the official ballot (including titles and text in each language in which Political Subdivision's ballot is to be printed). This list shall be delivered to the Elections Administrator prior to the deadlines as described in section XVI. Political Subdivision shall be responsible for proofreading and approving the ballot insofar as it pertains to Political Subdivision's candidates and/or propositions.

VI. EARLY VOTING

The participating authorities agree to conduct joint early voting and to appoint the Election Administrator as the Early Voting Clerk in accordance with Sections 31.097 and 271.006 of the Texas Election Code. The participating authorities agree to appoint the Elections Administrator's permanent county employees as deputy early voting clerks. The participating authorities further agree that the Elections Administrator may appoint other deputy early voting clerks to assist in the conduct of early voting as necessary, and that these additional deputy early voting clerks shall be compensated at an hourly rate set by Fort Bend County pursuant to Section 83.052 of the Texas Election Code.

Early Voting by personal appearance will be held at the locations, dates, and times listed in Attachment "B" of this document. Any qualified voter of the Joint Election may vote early by personal appearance at any one of the joint early voting locations.

As Early Voting Clerk, the Elections Administrator shall receive applications for early voting ballots to be voted by mail in accordance with Chapters 31 and 86 of the Texas Election Code. Any requests for early voting ballots to be voted

by mail received by Political Subdivision shall be forwarded immediately by fax or courier to the Elections Administrator for processing.

Upon request, the Elections Administrator shall provide Political Subdivision a copy of the early voting report on a daily basis and a cumulative final early voting report following the election.

Fort Bend County shall appoint an Early Voting Ballot Board (EVBB) to process early voting results from the Joint Election. The Presiding Judge of Central Count, with the assistance of the Elections Administrator, shall appoint two or more additional members to constitute the EVBB. The Elections Administrator shall determine the number of EVBB members required to efficiently process the early voting ballots.

VIII. CENTRAL COUNTING STATION AND ELECTION RETURNS

The Elections Administrator shall be responsible for establishing and operating the central counting station to receive and tabulate the voted ballots in accordance with the provisions of the Texas Election Code and of this agreement.

The Elections Administrator will prepare the unofficial canvass reports after all precincts have been counted, and will deliver a copy of the unofficial canvass to the Political Subdivision as soon as possible after all returns have been tabulated. All participating authorities shall be responsible for the official canvass of their respective elections.

The Elections Administrator shall be responsible for conducting the post-election manual recount required by Section 127.201 of the Texas Election Code unless a waiver is granted by the Secretary of State. Notification and copies of the recount, if waiver is denied, will be provided to each participating authority and the Secretary of State's Office.

IX. RUNOFF ELECTION

Political Subdivision shall have the option of extending the terms of this agreement through its runoff election, if applicable. In the event of such runoff election, the terms of this agreement shall automatically extend unless the Political Subdivision notifies the Elections Administrator in writing within 10 days of the original election.

Political Subdivision shall reserve the right to reduce the number of early voting locations and/or Election Day voting locations in any runoff election.

X. ELECTION EXPENSES AND ALLOCATION OF COSTS

Political Subdivision agrees to share the costs of administering the Joint Election. Allocation of costs, unless specifically stated otherwise, is mutually agreed to be shared among the total number of political subdivisions. Costs for polling places shared by the County, Political Subdivision, and other political subdivisions shall be pro-rated among the participants to this agreement.

Any expenses incurred in the rental of polling place facilities shall be pro-rated among the participants to this agreement.

It is agreed that the normal rental rate charged for the County's voting equipment used on Election Day shall be pro-rated among the participants to this agreement.

Costs for Early Voting by Personal Appearance shall be allocated as shown in Attachment C of this document.

Political Subdivision agrees to pay Fort Bend County an administrative fee equal to ten percent (10%) of its total billable costs in accordance with Section 31.100(d) of the Texas Election Code.

XII WITHDRAWAL FROM CONTRACT DUE TO CANCELLATION OF ELECTION

Political Subdivision may withdraw from this agreement and the Joint Election should it cancel its election in accordance with Sections 2.051 - 2.053 of the Texas Election Code. Political Subdivision is fully liable for any expenses incurred by Fort Bend County on behalf of Political Subdivision plus an administrative fee of ten percent (10%) of such expenses. Any monies deposited with the county by Political Subdivision shall be refunded, minus the aforementioned expenses and administrative fee if applicable.

XII. RECORDS OF THE ELECTION

The Elections Administrator is hereby appointed general custodian of the voted ballots and all records of the Joint Election as authorized by Section 271.010 of the Texas Election Code.

Access to the election records shall be available to each participating authority as well as to the public in accordance with applicable provisions of the Texas Election Code and the Texas Public Information Act. The election records shall be stored at the offices of the Elections Administrator or at an alternate facility used for storage of county records. The Elections Administrator shall ensure that the records are maintained in an orderly manner so that the records are clearly identifiable and retrievable.

Records of the election shall be retained and disposed of in accordance with the provisions of Section 66.058 of the Texas Election Code. If records of the election are involved in any pending election contest, investigation, litigation, or open records request, the Elections Administrator shall maintain the records until final resolution or until final judgment, whichever is applicable. It is the responsibility of Political Subdivision to bring to the attention of the Elections Administrator any notice of pending election contest, investigation, litigation or open records request which may be filed with Political Subdivision.

4. Nothing in this contract prevents any party from taking appropriate legal action against any other party and/or other election personnel for a breach of this contract or a violation of the Texas Election Code.
5. The parties agree that under the Constitution and laws of the State of Texas, neither Fort Bend County nor Political Subdivision can enter into an agreement whereby either party agrees to indemnify or hold harmless another party; therefore, all references of any kind, if any, to indemnifying or holding or saving harmless for any reason are hereby deleted.
6. This agreement shall be construed under and in accord with the laws of the State of Texas, and all obligations of the parties created hereunder are performable in Fort Bend or Harris Counties, Texas.

8. All parties shall comply with all applicable laws, ordinances, and codes of the State of Texas, all local governments, and any other entities with local jurisdiction.
9. The waiver by any party of a breach of any provision of this agreement shall not operate as or be construed as a waiver of any subsequent breach.
